

From Hilltop Pediatrics

NOTICE as of Oct 1st, 2014

We have replaced our Patient Portal ver. 1.0 with a new, better, updated version of the Portal called version 2.0. The new version of the Portal is better than the old one. It is easier to use and contains many additional features. It does not come with any “pdf or a paper version” of guide for our patients or parents. However, a guide to the Portal is available, in electronic format, on the Portal site.

If you would like to access “Portal Guide” please log in to your account and click on the (“?”) question mark located next to “My Account” tab.

Thank you.

Dr. Gajda and Hilltop Pediatrics Staff
